ARTISSIMA

WHERE FABRIC BECOMES *ART*...

Welcome to

ARTISSIMA

Artissima is a curated celebration of artistry and imagination, inspired by the world of art and designed to elevate everyday design. Bringing together fine embroideries, expressive English prints and vibrant jacquards, each fabric is designed to bring depth, character and artistic expression to interiors.

Painterly in character yet refined in execution, the collection inspires creativity while adding depth, colour and individuality to interiors. Ideal for statement drapery, upholstery and decorative accents, Artissima enhances both classic and contemporary schemes with considered elegance.

A coordinating range of trims and fringes completes the collection, thoughtfully designed to complement the fabrics and elevate the final detail - ensuring every element is finished with artistry and intent.
